

January 1, 2023

To Whom It May Concern:

This letter serves as documentation that the National Board of Physicians and Surgeons (NBPAS) performs Primary Source Verification (PSV) of physician education and training. All PSV data is verified directly through ABMS Solutions or AOA Profiles.

Primary Source Verification is required by national accrediting bodies for health plans and hospitals including the National Committee on Quality Assurance (NCQA), the Utilization Review Accreditation Commission (URAC), Det Norske Veritas (DNV) and The Joint Commission (TJC). NBPAS meets and upholds all accreditation standards for PSV.

Should you have any questions, please contact us directly at info@nbpas.org or (858) 228-4161

Sincerely,

Katie Collins

Executive Director

National Board of Physicians and Surgeons
